## 1. Qualitative Information for the Second Quarter of Fiscal Year Ending March 31, 2024

### (1) Consolidated financial performance

The economic environment for the second quarter of the current consolidated cumulative period continues to be uncertain, with no signs of improvement in the situation in Ukraine, slow progress in the improvement of the Chinese economy, and ongoing global market uncertainty, delayed stabilization of rising prices and high energy costs amidst a weak yen.

Under the circumstances, the net sales of the TRAD Group (on a foreign currency basis) increased from the same period of the previous year except China region. Operating income increased from the same period of the previous year due to the increase of net sales etc. The profit attributable to owner of parent increased from the same period of the previous year.

As a result, net sales during the consolidated cumulative second quarter increased by 6,209 million yen from the previous fiscal year, amounting to 80,225 million yen (up 8.4% year on year), operating income increased by 1,303 million yen, amounting to 2,125 million yen (up 158.6% year on year), ordinary income increased by 688 million yen, amounting to 2,617 million yen (up 35.7% year on year) and profit attributable to owners of parent increased by 845 million yen, amounting to 1,151 million yen (up 276.2% year on year).

The book-closing date for the consolidated subsidiaries for the first six months of the fiscal year under review is June 30. In preparing the consolidated financial statements, the financial statements as of, and for the six-month period ended on this date were used. With respect to material transactions conducted during the period between this date and the book-closing date for consolidated accounting, we have made adjustments as necessary for consolidated accounting. The segments relevant to such adjustments include the United States, Europe, Asia and China.

Domestic subsidiaries have the same settlement date that coincides with the last day of the consolidated fiscal year. The corresponding segment is Other.

\*The percentage changes (on a foreign currency basis) in the chart are the percentage changes after correcting for differences arising from fluctuations in the foreign exchange rates applicable to overseas net sales.

#### (i) Japan

Net sales of products for automobile industry and construction industrial machines were increased from the same period of the previous year due to an increase in orders etc. As a result, the net sales in the Japan segment increased by 2,837 million yen, resulting in 34,542 million yen.

Operating income increased by 375 million yen from the same period last year, reaching 917 million yen, due to the successful transfer of increased materials, parts, and energy costs to sales prices.

#### (ii) United States

Net sales of products for automobile industry increased year on year due to the start of mass production of newly ordered models and an increase in orders received etc. As a result, the net sales in the United States segment increased by 1,871 million yen from the same period of the previous year, resulting in 21,324 million yen. On a foreign currency basis, it increased by 3.3%.

Operating income increased by 99 million yen year-on-year, resulting in operating loss of 1,526 million yen due to the decrease of depreciation and amortization etc.

(iii) Europe

Net sales of products for automobile industry in the Czech Republic were increased from the same period of the previous year due to the commencement of mass production of models for which orders were newly received etc. As a result, the net sales in this segment increased by 175 million yen year-on-year to 3,140 million yen. On a foreign currency basis, it increased by 3.5%.

Operating income increased by 259 million yen year on year to 29 million yen, partly due to the local government's electricity cost subsidy policy.

(iv) Asia

Net sales of products for automobile industry decreased in Vietnam due to economic downturns and other factors but have increased from the same period last year in Thailand and Indonesia due to an increase in orders. As a result, the net sales in the Asia segment increased by 1,851 million yen from the same period of the previous year, resulting in 10,931 million yen. On a foreign currency basis, it increased by 15.8%.

Operating income increased by 518 million yen from the same period of the previous year due to the increase of net sales etc., resulting in 1,756 million yen. On a foreign currency basis, it increased by 35.1%.

(v) China

Net sales of products for construction industrial machines increased due to a rise in orders. However, automobile-related sales have decreased from the same period last year due to a decline in orders resulting from a market downturn. As a result, the net sales in this segment decreased by 577 million yen from the same period of the previous year, to 10,136 million yen. On a foreign currency basis, it decreased by 4.4%.

Operating income increased by 1 million yen from the same period of the previous year, partly due to the impact of foreign exchange rates etc., resulting in 872 million yen. On a foreign currency basis, it increased by 2.4%.

(2) Consolidated financial position

1) Assets, liabilities and net assets

Total assets at the end of current second quarter of the fiscal year under review resulted in 102,567 million yen (up 8,469 million yen from the end of the previous fiscal year) due to the increase of cash and deposits, tangible fixed assets and accounts receivable-trade etc.

Total liabilities resulted in 55,343 million yen (up 5,096 million yen) due to the increase of accounts payable-trade and loans payable etc.

Net assets resulted in 47,223 million yen (up 3,372 million yen) due to the increase of foreign currency translation adjustment and retained earnings etc.

2) Cash flows

The factors for increase or decrease of each cash flow in the current second quarter consolidated accumulative period are as follows.

Net cash provided by operating activities was 8,198 million yen, an increase of 3,924 million yen year on year due to the increase of profit before income taxes and increase of dividends income etc.

Net cash used in investing activities was 3,822 million yen, an increase of 63 million yen year on year due to the increase of capital investment etc.

Free cash flow, the sum of net cash provided by operating activities and net cash used in investing activities, increased by 3,861 million yen year-on-year. The result was a cash inflow of 4,376 million yen.

Furthermore, net cash provided by financing activities was 999 million yen, an increase of 1,687 million yen year on year due to the decrease of cash dividends paid and increase of interest-bearing liabilities etc.

As an above result, cash and cash equivalents at the end of the current second quarter of the fiscal year under review totaled 16,468 million yen, an increase of 2,206 million yen from the end of the previous fiscal year.

(3) Future projections including forecasts of consolidated financial performance

We revised the forecasts of consolidated and non-consolidated financial performance and dividend forecasts released on August 7, 2023.

For details, please refer to "Notice on Differences between Consolidated and Non-Consolidated Earnings Forecasts for the Second Quarter of the Cumulative Period and Actual Results, and Revision of Full-Year Earnings Forecasts (Consolidated and Non-Consolidated), and Occurrence of Extraordinary Losses (Non-Consolidated)" that we announced today (November 6, 2023).

(4) Notes to quarterly consolidated financial statements  
(Going concern assumptions)  
Not applicable

(Notes in the event of significant changes in shareholders' equity)

Based on the resolution of the Board of Directors' meeting held on July 18, 2023, we disposed of 21,276 shares of treasury stock on August 18, 2023, as restricted stock compensation for Directors and Managing Executive Officers.

As a result, treasury stock decreased by 50 million yen, capital surplus (gain on the disposal of treasury stock) decreased by 1 million yen and retained earnings decreased by 40 million yen in the second quarter of the current consolidated cumulative period. As of the end of the second quarter of the current consolidated cumulative period, the treasury stock amounted to 401 million yen, the capital surplus amounted to 7,352 million yen and retained earnings amounted to 23,211 million yen.

(Additional information)

(About the accounting estimate associated with the spread of novel coronavirus infections)

There have been no significant changes to the assumptions about the impact of the COVID-19 pandemic on the Group's business, as stated in the "Additional Information" section of the Annual Securities Report for the previous fiscal year.

(Transfers between retirement benefit plans)

On April 1, 2023, the Company transferred a portion of its defined benefit corporate pension plan to a defined contribution pension plan. As a result, the Company applied the Accounting for Transfers between Retirement Benefit Plans (ASBJ Guidance No. 1, December 16, 2016) and the Practical Solution on Accounting for Transfers between Retirement Benefit Plans (PITF No. 2, February 7, 2007). No gain or loss was recognized as a result of this transition.
